Re: GHR Foundry, Dayton, Ohio

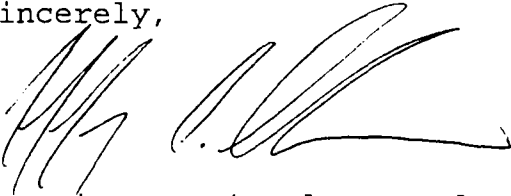

Dear Mr. Bulloff:

Enclosed is a proposed Administrative Order by Consent ("AOC"), pursuant to Section 106 of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. 9606, by which your client, Foundry Sales & Supply, Inc. ("Foundry") would agree to undertake the removal actions determined by the United States Environmental Protection Agency ("EPA") to be necessary at the GHR Foundry Site, in Dayton, Ohio. In addition, by signing the AOC Foundry would agree to reimburse the United States for its costs of overseeing the removal actions performed under this Order and the costs which the United States has already incurred at said Site. While the enclosed AOC has not been approved by the official having the legal authority to bind the EPA, if you and your company executes the document, the undersigned and the On-Scene Coordinator for this Site will recommend that the agency enter the AOC in its present form.

If Foundry wishes to settle this matter on the terms contained in the enclosed AOC, please have it executed by a duly authorized agent, and returned to me by no later than seven business days after receipt of this letter.

If you have any questions or concerns, please call me at 312.886.6670 immediately. If Foundry is unwilling to enter into the Order as written, we would appreciate being so advised without delay, so that the agency may undertake an alternative approach to deal with the serious situation at the Site.

Sincerely,

A handwritten signature in black ink, consisting of several fluid, overlapping strokes that form a cursive-like shape.

Associate Regional Counsel
